These concerns have been discussed by this Parish Council previously in 2013. Key update Points

The funding gap has now been bridged by Sedgemoor DC who are providing a loan of £135,000.00. Sedgemoor have strongly suggested that this loan would be routed via the Parish Council to facilitate local ownership of the funding as has been done in other Parishes for such projects. The Council generally agreed to such an approach and would take legal advice as necessary.

This will enable the development to progress now that all funding is in place

A project manager and employer agents have been appointed

A 278 Agreement is being drafted

Groundwork due to commence in Feb/ March

NDR Access and bridge to be started
