**122/16 To receive an update regarding a Neighbourhood Plan from Cllrs Harrison and Reed on behalf of the steering group.**

No action is taking place at present in view of all of the work which is going on at the Village Hall. It was agreed to bring this item forward to April 2017.

**123/16 To receive a report from Cllr Webber on the Footpaths and Verges.**

The following matters were raised:

The hedge at 5 Church Road has been cut following a letter from the Parish Council requesting that this is done.

It was agreed that the Council would arrange to receive an estimate for the cost of tarmacking the unpaved section of Wares Lane, just to understand the level of cost involved. Cllr Webber would be asked to follow this up.

A letter has been received from the landowner objecting to the suggestion that the footpath from Wembdon Motors to the Notaro Estate bridge would be upgraded to include a cycle path. The Parish Council noted their disappointment to receive this letter, as they support a SCC initiative to increase the number of cycle paths in the area to reduce the use of vehicles in the village.

The Parish Centre works have now started. When the work has finished any mess caused will be removed.

The Maurice Davey memorial tree has now been planted and looks very nice.

**124/16 To receive a report from Cllr Webber on Highways and Speedwatch.**

The SID training has now taken place, and the SID has been purchased and received. All relevant legislation will be complied with when the SID is moved between locations. There will be four pairs of volunteers who will move the SID. SCC had already agreed to fund

50% of this training cost and the Clerk was asked to prepare a suitable invoice.

**125/16 To receive a report from Cllr Solomon on the Playing Fields.**

RLT2 funding has been approved in principle for the railings around the play area. Formal tenders will need to be provided from at least three traders and a submission to SDC prepared. The Chairman agreed to action this.

The Oak Trees have now been planted by The Chairman, with support from Cannington College plus two local landscape gardeners. Compliments have already been received regarding the trees.

The hedge on the playing fields should be removed prior to the Spring.

A sophisticated CCTV system needs to be purchased as a priority, covering the Council owned land and the Village Hall. This will be purchased in conjunction with the Village Hall trust and the Council will liaise with the PCC to see if there is merit in including The Parish Centre in the scheme.

**It was unanimously resolved to** agree in principle to part fund the purchase of the CCTV system.

**127/16 To receive a report from Cllr Harrison on the Allotments.**

There was nothing to report.

**128/16 To receive a report from Cllrs Jackson regarding communications.**

The next magazine is due to be published before the end of January. Councillors were asked to try to find local advertisers.

**129/16 To receive an update on the Village Green and Village Hall project from Cllr Solomon.**

The NDR access is now under construction and the project is ahead of schedule. A few technical issues were flagged by the engineers at SCC, which will result in additional costs as yet undefined. but anticipated to be in the region of £10,000. This is an unavoidable expense, caused by a change in the engineering specifications.

Work has started within the hall.

The 200 saplings provided by the Woodlands Trust have been planted by children from St George's School and from the Wembdon community.

**130/16 To consider possible actions by the Council to maintain and generally improve the "Wembdon Streetscene".**

Cllr Webber has agreed to paint the railings by the Millennium Bridge. This work should be completed by the end of the year.
